

AIM Chat with jonnyoosting, photobypip, dryambor.

10:18 PM

Jeff Tatanus: chat with philip

jonnyoosting has joined this chat.

dryambor has joined this chat.

photobypip has joined this chat.

dryambor: philip, dude, why so LATE?

photobypip: hey i think i fell off the chat scedual timeline

Jeff Tatanus: what?

photobypip: i didnt even know what day we had a chat

photobypip: sorry

10:20 PM

jonnyoosting: well, we've got just over a week to get the presentation ready. no time to waste.

photobypip: Ya I know but as far as I can tell we're on the right track

jonnyoosting: if we help with content, can you put together another flash presentation?

photobypip: any new ideas tonight

photobypip: ya I can do that

photobypip: but this time lets go over the content before I build it

jonnyoosting: really we've just been talking presenation, etc - clarifying demographic, looking at a mockup jeff built.

Jeff Tatanus: marjorie, can you update philip about the group?

dryambor: yes...and do you not have spellcheck? or a dictionary?

jonnyoosting: oh- no doubt. we'll be helping with the content.

photobypip: theres no spellcheck in flash

dryambor: i know...but what about your brain? 🤔

photobypip: and my dictionary keeps my desk from wobbling 🤔

dryambor: ok...so cut and paste, then?

dryambor: you are a dork. can't wait to finally meet you!

photobypip: ya that'll work

dryambor: (all said with warmest intentions...)

photobypip: lol

dryambor: ok...the group is down to you three: jeff, jonathan, and philip.

photobypip: I feel elite

dryambor: no more megan, no more ryan. megan can't go to ithaca since she's getting teeth pulled. ryan is doing nothing.

dryambor: yes, and you should. this project has huge potential for you guys down the road if you choose to take the contacts that ona will give you.

jonnyoosting: philip - do you have a gmail account?

10:25 PM

photobypip: nope can i get an invite?

jonnyoosting: sure. sending now.

Jeff Tatanus: we also need to come up with a TIMELINE so we arent all freaking a week from tomorrow

Jeff Tatanus: perhaps an intense chat schedule for this week too?

jonnyoosting: good call. good call.

dryambor: yeah...other groups on on it DAILY (so they say...)

Jeff Tatanus: so daily it is?

photobypip: I have a quick question, Once i arrive in ithica, is there a shuttle or something to come get us from the airport?

dryambor: i think you'll have taxi service...

dryambor: i emailed you: check with sarah in the j&b office here at western. her phone is in your messages.

dryambor: i only know me and not students...sorry

jonnyoosting: I guess nightly or semi-nightly.

dryambor: i would suggest this.

Jeff Tatanus: i am working until 11pm on friday and saturday nights

photobypip: Im fine with meeting late at night

dryambor: other groups are going crazy and making videos and such, so competition could be tough.

Jeff Tatanus: i think its more about content than appearance tho

Jeff Tatanus: i am fine with late-night also, i would probably be online anyway

dryambor: TOTALLY! i tried to get a template for presentations to reduce fluff and increase clarity: REJECTED.

jonnyoosting: sure. can we stick with a little earlier weeknights, and then extend it to later fri and sat?

photobypip: its cool

Jeff Tatanus: we might want to think about making it kinda fluffy tho

Jeff Tatanus: yep, works for me.

10:30 PM

dryambor: ok...so i need to chat with you twice/thrice more before we depart next week. when?

Jeff Tatanus: 9pm weds, thurs, sun.

photobypip: i think if we build a mockup of the thing and do a voice over tutorial type presentation

Jeff Tatanus: 11:15 fri, sat?

photobypip: can we make it like 11:15 every night

photobypip: I get confused easily

Jeff Tatanus: marjorie, do you just want to join us thurs, sun, tues as usual?

Jeff Tatanus: that works for me, idk about everyone else

dryambor: i can do thurs and tues...can't do sunday this week.

dryambor: does that work for you?

Jeff Tatanus: what time is okay for you, marjorie and jon?

jonnyoosting: whatevs. that'll work.

dryambor: anytime.

Jeff Tatanus: 11:15 works for me then

Jeff Tatanus: i say we should have a complete outline by sunday or monday?

dryambor: ok...maybe i should backtrack. can you meet earlier *just with my chats*? like 9 still?

jonnyoosting: fine - thur and tue at 9?

dryambor: right.

Jeff Tatanus: philip, does that work?

photobypip: ok

dryambor: good deal. keep me in the loop between time with blog stuff and the google doc so i can comment there too, if necessary.

Jeff Tatanus: so... weds 11:15, thurs 9, fri 11:15, sat 11:15, sun 11:15, mon 11:15, tues 9, weds 11:15

dryambor: yi yi.

jonnyoosting: It's a go. I'm going to make some design comments on the blog tonight. look for them jeff.

Jeff Tatanus: thanks, jon.

dryambor: done for tonight, then? except for philip...please read the chat transcript, make comments on what jeff's done.

10:35 PM

dryambor: you guys also need SPECIFIC TASKS to get this done right.

jonnyoosting: philip - we're using our google accounts to access a shared document on google docs. sign up and we'll get you access.

photobypip: alright sounds good

Jeff Tatanus: please do that tonight

Jeff Tatanus: i will talk to you guys tomorrow at 11:15

Jeff Tatanus: marjorie, see you thursday at 9.

photobypip: ok where do I need to sign up at once i get my gmail

dryambor: g'nite.

jonnyoosting: it's been a while since I've done it, but...

Jeff Tatanus: send me an email (jeff@tatanus.com) and i will invite you to the document

jonnyoosting: you should just be able to click on documents up on the top to get into google docs.

dryambor has left this chat.

Jeff Tatanus: yeah, the doc wont show up until he is invited to it tho

jonnyoosting: yup

jonnyoosting: right-o

Jeff Tatanus: okay... well i am gonna go lounge around for a bit

photobypip: alright ill shoot you an email as soon as I get this up

jonnyoosting: aight. peace.

Jeff Tatanus: nite!
